

Bay Area Building Solutions

Design-Build General Contractor

Eric Lanctot

Manager of Business Development

RESPONSIBILITIES

Eric oversees the project management staff and works in conjunction with the Manager of Pre-Construction Services to insure that projects are being constructed to the utmost satisfaction of their end users. This entails working closely on both the Sales and Operations side of the business to see that project objectives are achieved so that future opportunities arise. Eric also assists the President in executing protocols to insure the company remains in line with annual corporate goals.
